

Privacy Notice for Parents/Carers of students attending JCoSS

JCoSS and the JCoSS Trust collect data and information about parents / carers of our students so that we can operate effectively as a school. This privacy notice explains how and why we collect parent / carer data, what we do with it and what rights parents have.

The term “parent” is widely defined in education law to include the natural or adoptive parents (regardless of whether parents are or were married, whether a father is named on a birth certificate or has parental responsibility for the student, with whom the student lives or whether the student has contact with that parent), and also includes non-parents who have parental responsibility for the student, or with whom the student lives. It is therefore possible for a student to have several “parents” for the purposes of education law. This privacy notice also covers other members of students’ families who we may process data about from time to time, including, for example, siblings, aunts and uncles, grandparents and other secondary contacts provided by the primary carer.
