JCoSS offers its students a unique environment for academic success. Inspired by top quality teaching, enriched by the deep and rich traditions of Jewish learning and belief, and motivated by an aspirational and innovative culture of learning, your child will achieve highly, flourish in every way and leave fully qualified and equipped for life.
Welcome to JCoSS

JCoSS is dedicated to the pursuit of academic excellence, and to the full richness of Jewish learning.

We provide a high-achieving, aspirational environment: our high quality teaching staff deploy the best in educational practice to ensure our students reach the highest levels of academic attainment.

We are relentlessly ambitious for their success, tirelessly seeking to inspire them to outstanding results.

At JCoSS we are committed to the success of each child in all that they do. We attach a high value to academic attainment, and we recognise and celebrate personal achievement across every field of endeavour. The JCoSS environment enriches our students with a wealth of opportunities both in and out of the classroom, so that they are well grounded and well rounded, able to achieve their potential in every way.

JCoSS represents something unique in Jewish and British education. As a pluralist Jewish school we promote understanding and enquiry, we open minds and we strengthen dialogue. We embrace the entire Jewish community regardless of affiliation or observance, teaching the full range of Jewish beliefs, practices and values. Your child will learn in a way that affirms and enhances his or her faith, background and tradition.

We encourage curious minds to ‘think otherwise’. We seek to spark brilliance in all our students and inspire them to become articulate, informed, confident and motivated young people, qualified and equipped for the challenges and opportunities of the 21st century.

I feel very privileged to lead this wonderful school. My career has been spent in schools renowned for academic achievement, and I bring experience of overseeing hundreds of successful applications to Oxbridge and other competitive institutions. I am determined that JCoSS students should have every opportunity to achieve the highest standards in all that they do.

Our hope is that JCoSS students leave us enriched and inspired, and go on to enrich and inspire others with all they have gained during their school journey.

Patrick Moriarty MA (Oxon), MA (Ed), NPQH, FRSA
Headteacher
Achieve

Students going beyond what they believed possible...

Achievement is the cornerstone of the JCoSS ethos. Our commitment to academic excellence derives from the personal conviction of the Headteacher and his strong leadership team.

Public exam results are such a key marker of success for young people; our aim is to ensure that your child reaches and exceeds his or her potential and is equipped for fulfilment and achievement in school life and beyond.

We have the highest expectations of our students and work in close partnership with parents to identify and insist upon the best from and for each student.
The process is fine-tuned as they progress through the school, recognising each child’s aptitudes and individual profile. Additional support is offered to students with identified needs. The progress of all students is carefully monitored against individual targets, to ensure they are affirmed and challenged at all times, and in the correct set for each subject.

Our classes are kept as small as possible, and our high staff-to-student ratio allows more time for personalised attention, targeted where it is most effective.

Our Science Specialism
The scientific values of curiosity, critical analysis and intelligent engagement permeate every subject. We harness the energy and creativity of scientific endeavour to inspire every student and enrich learning in all disciplines.

Home Learning
Home learning not only extends and accelerates learning, but also develops essential independent study skills. Your child should expect to spend an hour per night on Home Learning in Year 7, rising towards three hours by the 6th form.

Able and Ambitious
Our varied provision for Able and Ambitious students enables them to make exceptional progress. The programme gives able students extra challenges both in and out of the classroom. The use of setting allows gifted students to learn together and harnesses the power of peer motivation. Higher sets are stretched and stimulated with more challenging texts or more sophisticated problems which require higher order thinking.

Selected students in Years 9 and above work with PhD students from Oxford, Cambridge and London Universities where they receive tutorial style learning. This culminates in writing a dissertation and an award ceremony at Oxford University.

We also understand the wider needs of gifted students. Mentoring discussions guide them in how to maximise achievement and enjoyment, as well as maintaining a good work-life balance.
Enrich

Students growing into fully rounded high achievers...

JCoSS is passionate about providing an enriching educational environment for all our students. Our philosophy is that well rounded children are both happier and better able to reach their potential in all that they do.

Our innovative, outward-looking approach to Jewish Education empowers our students and enhances their understanding of the world in which they will soon take their place.
Jewish Education

We are wholeheartedly committed to educating students as literate Jewish and British citizens, well-grounded in the knowledge, understanding and skills they need to contribute to community life.

Our unique pluralist approach builds and informs students’ sense of Jewish identity and aims to feed their fascination and nourish their commitment to a lifelong Jewish journey.

Our diverse Jewish environment fosters an atmosphere of mutual respect and our students learn about, and from, the whole spectrum of Jewish beliefs and practices. We enthuse our students to acquire the skills necessary for serious engagement with the rich variety of Jewish texts. We encourage them to recognise, respect and value individual differences, and aim to cultivate informed and articulate individuals who want to have a positive impact on the world around them.

Building accomplished Mensches

The JCoSS ethos is explicit in its aim to develop the character of our students. We encourage them to value being a Mensch, a good and kind person, who is committed to Tikkun Olam/World Repair and Gemilut Hasadim/Acts of Loving Kindness. This is embedded in school life through our extensive Informal Jewish Education and Social Action programme.

Students can contribute to this through a rich variety of activities, including, the ‘Manna from Heaven’ project which provides food for local homeless shelters, or taking part in a large range of volunteering activities both within and beyond school.

Our energetic staff organise a rich menu of activities to augment students’ learning and bring their lessons to life. Trips include evening visits to plays and cultural events as well as daytime and residential outings to places of historical, geographical, scientific or business interest. The menu of trips in recent years has included a Year 7 team building activity, visits to France in Years 8 and 10 and to Spain in Year 10. The Year 9 Israel Journey is for many a rite of passage: students have the opportunity to participate in volunteering projects; take in the highlights of Israel; and meet with young Israelis, Arabs, Bedouins and Druze. This journey makes a special contribution to their Jewish cultural learning and identity development. Similarly the 6th Form Jewish Heritage trip to Poland takes in some of the major sites of the Nazi Holocaust in the context of Jewish life before the war. For many these Jewish Journeys are life changing experiences.

Trips and Journeys

JCoSS makes an outstanding contribution to students’ spiritual, moral, social and cultural development through both the planned curriculum and a wide and varied enrichment programme”

Ofsted report

Enrichment beyond the classroom

Students can participate in a whole host of extra curricular activities including Wellbeing Sessions, Art Club, Israel Club, The Duke of Edinburgh Award Scheme, Film Club, Chess Club and Bar/Batmitzvah Club. We have a huge range of Sports Clubs, from table tennis to football and athletics to netball, in which students participate with distinction.

Opportunities in the Creative Arts are outstanding, providing an impressive showcase for students’ talents in theatrical and musical performances. Students at all levels can participate in orchestras, ensembles and choirs, and in small or large scale drama activities and productions. Individual or small group tuition in singing and in all kinds of instruments are available from visiting teachers.

There is a timetabled enrichment slot where students choose from a range of activities including debating, bird watching, song writing, Japanese, fashion and newspaper editing. Groups comprise a mix of year groups to create a unique learning experience.
Inspire

Kindling bright sparks in every student...

We seek to inspire brilliance in all our students. Personalised attention from our high quality staff supports and encourages them to go the extra mile.

Our hope is that, shaped by the values, habits of mind and self-motivation they have gained at JCoSS, they will go on to inspire others in their lives beyond school.
A motivating environment
To walk into JCoSS is to be inspired. We have created a truly unique and stimulating space that delivers an outstanding learning environment for all our students.

Our science laboratories and technology provision are unsurpassed. The Information & Communication technology within the school is sophisticated and kept up to date, with generous provision of desktops, laptops, wireless access and whiteboards. Apple Mac and PC devices are intelligently deployed to best meet the requirements of different subject areas.

The creative arts are also well served. Our extensive facilities include a multitude of music practice rooms, a sprung-floor dance studio, media recording facilities and a drama studio with professional sound and lighting. The impressive sports facilities include a huge all-weather pitch, large sports hall and a gym for older students.

Inspiring through Judaism and Social Action
In true rabbinic tradition, we encourage questions as well as providing answers. Our students are knowledgeable, analytical, articulate and passionate about Judaism. They celebrate their Jewish identity and are inspired to make lasting contributions to the Jewish Community, and the wider world. Our dedicated Informal Jewish Education and Social Action department organises a varied programme that encourages our students to better understand and question the world around them.

Parental partnership
The support of parents is vital to the success of our students. Regular consultations and termly progress reports are the starting point for this key partnership. Parents are encouraged to maintain a dialogue with us, and we seek their views through surveys and focus groups. When parents and the school work together we can achieve the excellence we all strive for.

Kosher cafeteria
Our fully kosher cafeteria (under the auspices of the United Synagogue Beit Din) ensures our students are well fuelled to learn. The ‘meat’ kitchen offers delicious, healthy choices and daily deals that represent excellent value for money. We offer a vegetarian menu and a range of desserts each day at lunch time, and a tempting and popular range of snacks at break as well. Older students have additional choices, and all have the option of bringing a packed lunch from home, eaten in supervised ‘milk’ areas of the school.

Inspired by older students
JCoSS is a community of learning. All its members benefit from the positive role modelling and mentoring they receive from each other, and especially from staff and older students.

Student Voice
We have a fresh approach to listening to the “Student Voice”. The JCoSS Student Parliament is modelled on the British Parliament and has received praise from many visiting Westminster politicians. This distinctive concept builds students’ awareness of citizenship by introducing them to the realities of national government, which are echoed in the JCoSS Prime Minister and Cabinet system. Our Student Parliament works hard, and effectively, to help shape many aspects of school life.

6th Form
Our 6th form, rated Outstanding by Ofsted, has a wide range of A Level and Vocational courses for students either moving up internally or arriving from other schools. We have unrivalled facilities available for the 6th form, including a dedicated state-of-the-art study room and 6th Form coffee shop. The majority of our Year 13 students leave JCoSS to attend their first choice Universities including Oxbridge and prestigious Russell Group Universities.

“The success of the school has been achieved through an unrelenting drive for high quality teaching and exceptional progress. Senior leaders have established a culture of high aspiration and enthusiasm for learning” Ofsted report
JCoSS takes care of the environment by using a printer accredited to ISO 14001 and registered to EMAS environmental management systems. This prospectus was produced using electricity generated from 100% renewable sources and 100% vegetable oil based inks. It is printed on a paper made using virgin fibre sourced from FSC certified forests. It can be disposed of by recycling, incineration for energy recovery or is biodegradable.
